FINANCING

**CO-OWN\***  
A HYBRID  
SYSTEM

MINIMUM  
**3 YEARS\***  
FINANCING  
TENURE

Every project is unique and there is no one-size-fits-all solution. If you are looking for a flexible financing solution to support your solar investment, Powerflex is the choice for you.

Whether it is zero upfront or co-owning with Solarvest, you have the flexibility to control your savings and ownership of your solar PV system.

### Benefits

- Zero upfront capital.
- Save up to 50%\* on electricity bill every month.
- Tax incentives of up to 48%\*.
- Positive cashflow.
- Reduced risk with operations and maintenance.

\*Terms and conditions apply.

\*Eligible for registered business in Malaysia and a user of TNB, Nur Power, Sarawak Energy or Sabah Electricity.

## Make the Switch to Solar a Hassle-Free Experience

Powerlease is a long-term agreement between your company and Solarvest for the sale and purchase of electricity generated from the solar PV system.

Solarvest will install a solar PV system on your rooftop, and you will pay Solarvest for the solar energy generated at a solar tariff lower than your utility service provider.

## Benefits

- No capital required.
- Save up to 15%\* on electricity bill every month.
- Positive cashflow.
- Free operations and maintenance throughout leasing period.
- Free transfer of ownership at the end of the leasing period.

## FEATURES
